CART-22-105-024 Spirituality for Recovery Coaching Online
RECO, Colorado

Please Note: Some certification boards may not accept virtual/online trainings towards certification. As CCAR is not able to reach out to individual boards, that responsibility is up to the individual participant. The purpose of this program is to help you as a recovery coach understand what spirituality is and how you would help someone in their own process of discovering spirituality. This two day course will help you explore your own beliefs and values as it comes to spirituality. This training will provide you with the tools and resources needed as a recovery coach so you can speak about spirituality in a way that is accepting of others. Just like the RCA, this training is going to challenge you in a way that helps to promote your own understanding of spirituality. We believe that spirituality plays a large part in recovery and hope that by completing this course, you will be able to help those you serve understand, accept and embrace spirituality for themselves.
